

Open House Agenda

SH 99: US 59 North to IH 10 East, (Grand Parkway Segments H & I-1) Public Scoping Meetings, May 8-9, 2007 6-8 p.m.

Thank you for attending tonight's meeting for State Highway 99 (SH 99) from US 59 North to IH 10 East, also known as the Grand Parkway Segments H & I-1. Your participation and feedback are integral parts of the project process.

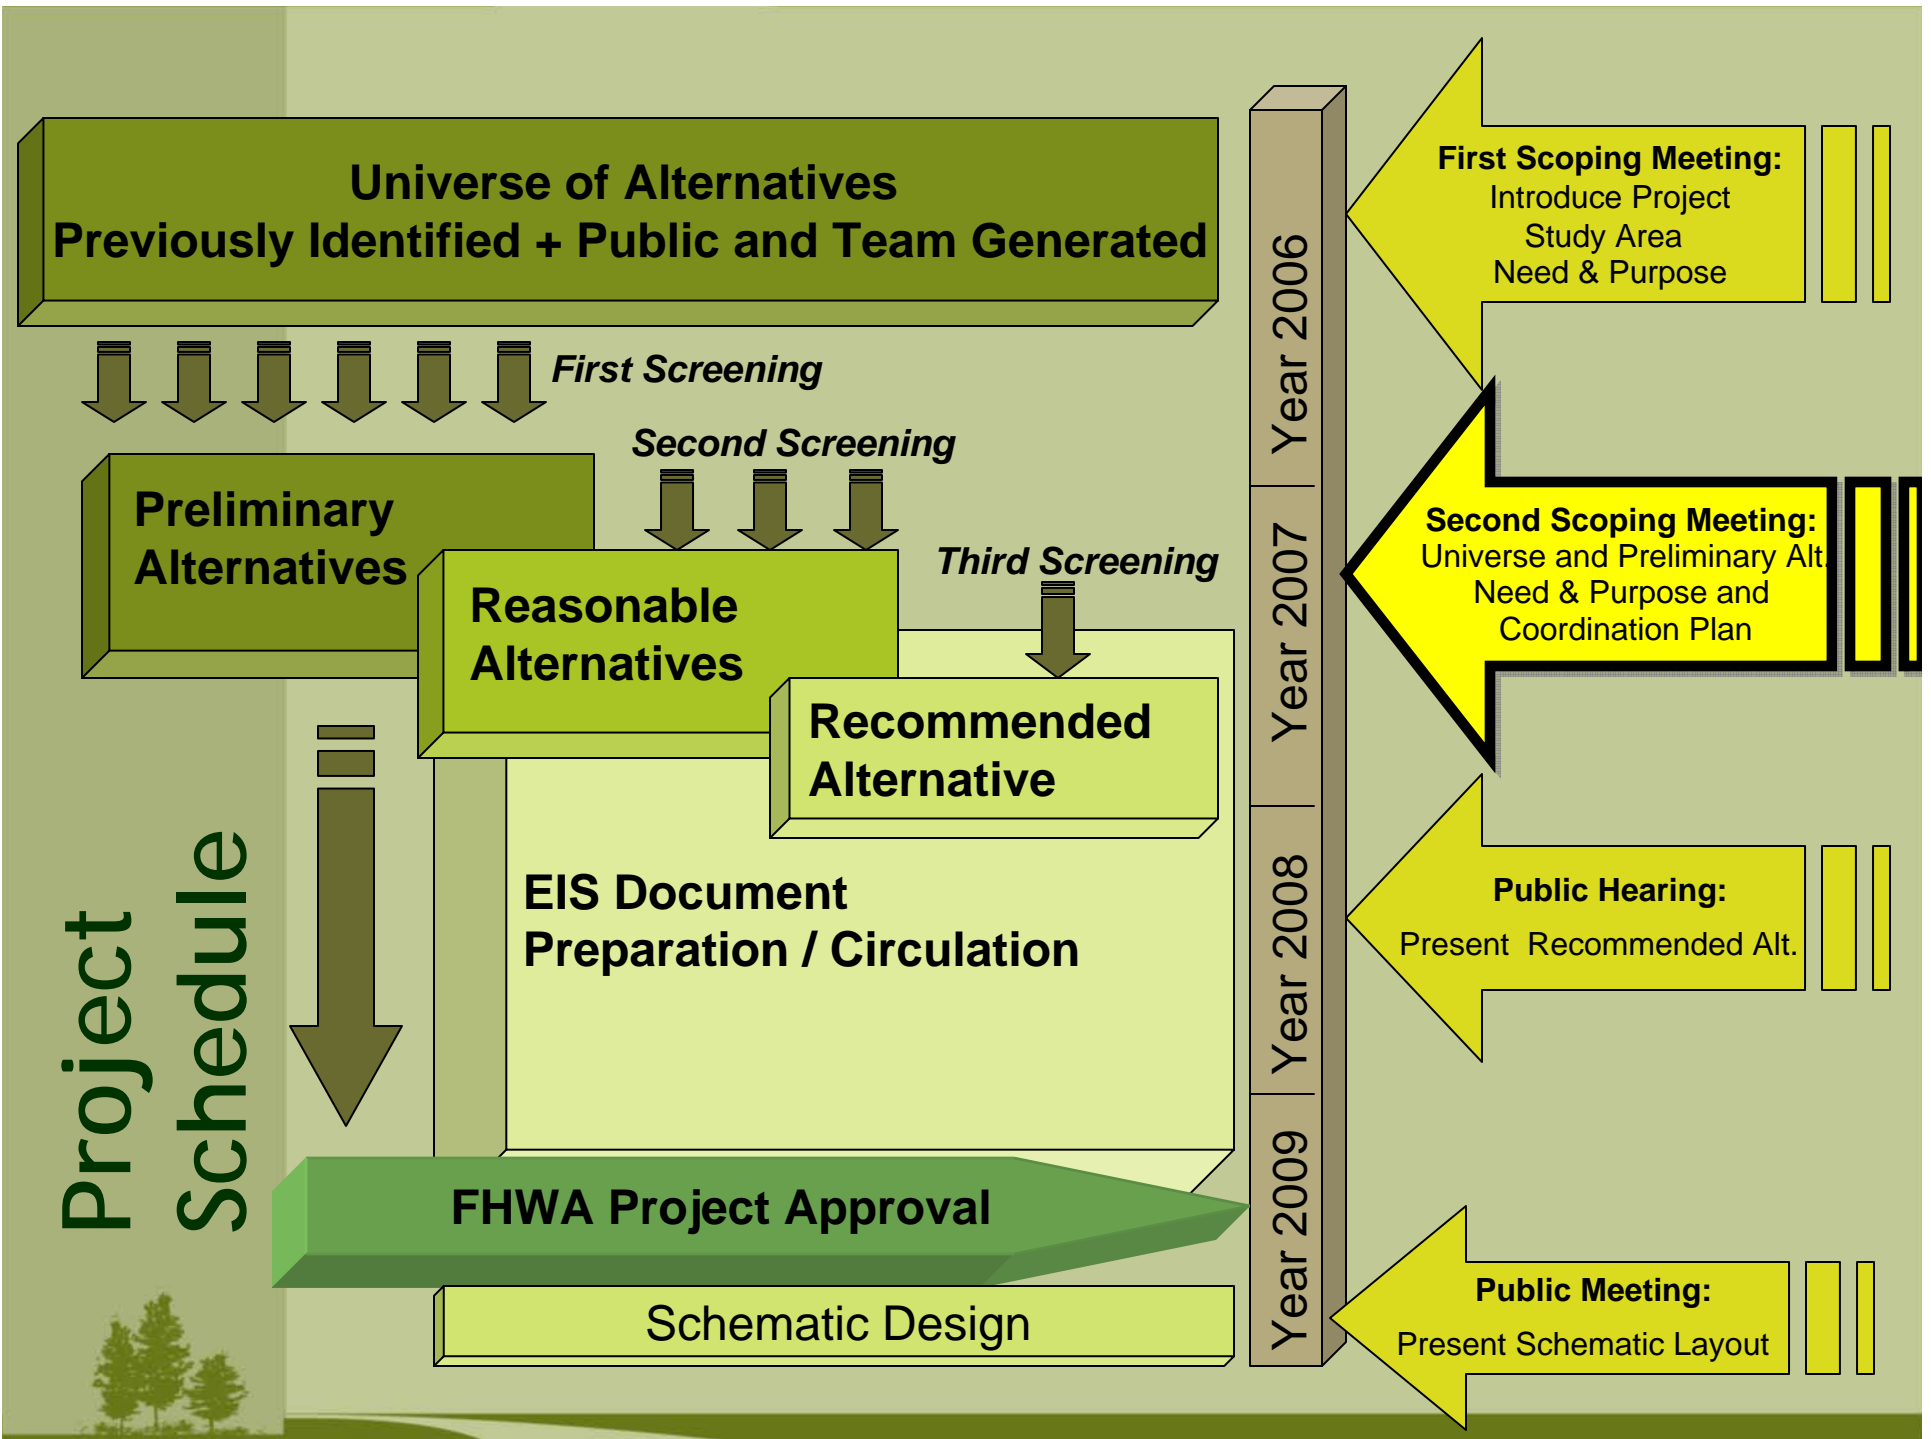

The May 8-9 meetings are the second in a series of public scoping meetings to be held throughout the project development process. The same material will be presented at both meetings, which are being held in separate locations over two nights. The purpose of these meetings is to solicit public input towards the development of the proposed project's need and purpose, coordination plan, schedule and combined preliminary alternatives.

There will be no formal presentation. Instead, we invite you to review presentation boards at your leisure. Representatives of the Texas Department of Transportation, the Grand Parkway Association and the consultant team are present to respond to your questions. Please note the availability of the following:

- Attached Handout containing:
 - Overall Project Schedule.
 - Comment Form — please fill in and return to us tonight. If you prefer, you may complete your comments at a later date and mail them to the address on the form. Your comments are welcome at any time, but to be included in the public record for this public scoping meeting series, comments must be postmarked by May 24, 2007.
 - Draft Map of the Combined Preliminary Alternatives.
- Documents for you to review:
 - Coordination Plan — establishes a plan for coordinating public and agency participation in the environmental review process.
 - Need and Purpose — identifies and assesses transportation needs in the study area to help identify what action is being pursued. The document demonstrates problems that already exist or will exist if a project is not implemented. The document helps to define what constitutes practicable alternatives.
 - First Public Scoping Meeting Record — details activities and comments from the project's first public scoping meeting series on February 28 and March 1, 2006

The Official Public Meeting Summary Report of tonight's meeting will be available for review on July 9, 2007 at the Grand Parkway Association Office, the TxDOT Houston District Office, the TxDOT Beaumont District Office, the TxDOT Liberty Area Office in Liberty and the Grand Parkway Association website (www.grandpky.com).

Once again, we thank you for attending tonight's meeting and participating in this project's process. For updated information on the project, visit www.grandpky.com.

Please include your contact information if you would like to be added to the project mailing list:
